SKILLS SUMMARY

With over 5 years of professional experience in **videography**, **cinematography**, and **video editing**, I have worked with a multitude of professional videography equipment, auxiliaries, and software. Additionally, I have applied my skills in different settings: commercials, music videos, and regional and international event documentation. I have also **managed** professional social media accounts (TikTok and YouTube) for international software education company. Working with local and international clients, I have developed applicable customer service skills that allows me to effectively engage with clients and deliver a final product that meets their business needs.
